

UPLOAD, VISUALIZE, ANALYSE PUBLIC BUDGET AND SPENDING DATA.

START EXPLORING AND LEARN STORIES BEHIND BUDGETS.

## Outcomes:

- Understand budget and spending data in your region
- Visualize, analyze and compare the budgets that affect your daily life
- Place your regional budget and spending data in context to tell stories
- Get support in cleaning, mapping, and modeling data for publication

## Key Objectives:

**A semantic data model**

**A library of visualisation tools**

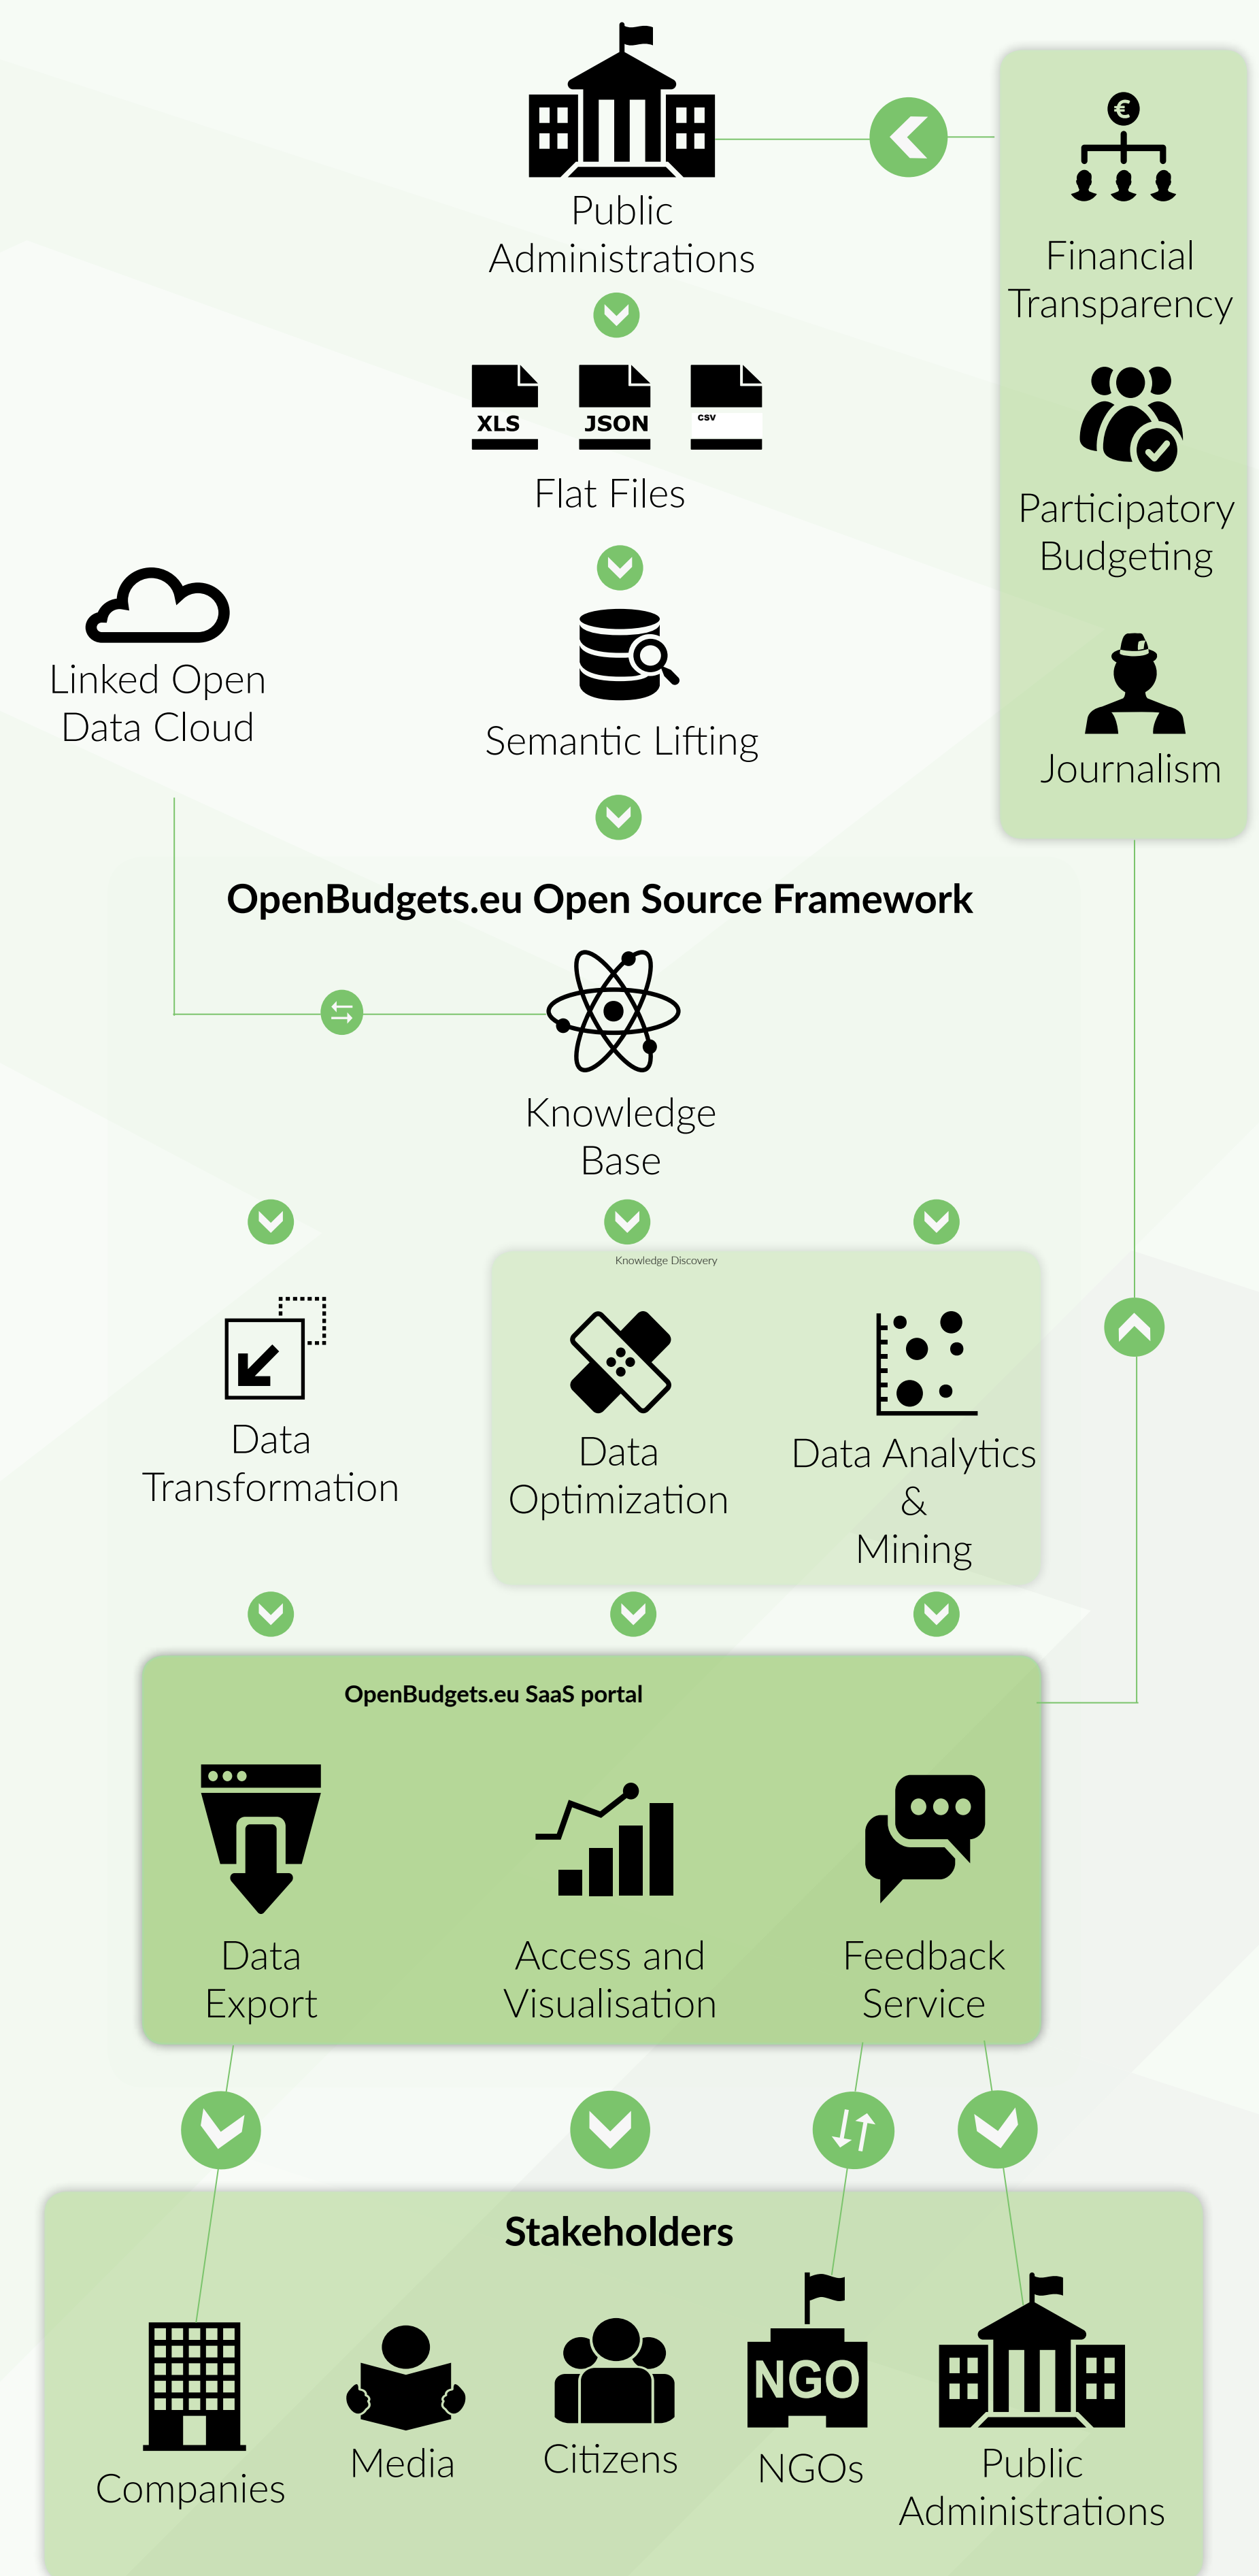

**A feedback and citizen engagement interface**

**Engaging User Groups**

## Technical Structure

### Programme

HORIZON 2020

### Total Budget

3,056,588 €

### Duration

30 Months

1st May 2015 - 31st October 2017

### General contact

info@openbudgets.eu

### Project Coordinator

Prof. Dr. Sören Auer

Fraunhofer IAIS

University of Bonn, Computer Science/EIS

Soeren.Auer@iais.fraunhofer.de
